6. **Group** – Group classes are limited in space, so it is recommended to take part in the Extended Service Program (details below) or make an early payment the month before to ensure your space. If the class is full, you will need to reserve with payment to join as soon as it becomes available. In the case of group sessions with less than two (2) students, Scuba Dogs reserves the right to move students from their previously scheduled time to form a group for the minimum required of three (3) participants.
7. **Private** - Offered for one (1) or up to a maximum of two (2) students paid separately for the assigned Instructor, private lessons are offered for exactly double the regular group lessons rate. This service is subject to the availability of the pool and the Instructor.
8. **Mid-Month** - In the case of new clients entering the middle of any given month, you can enroll by paying for the individual sessions until the end of the month at the prorated price per session of the selected option, making the full payment of the following month. This will allow you to take advantage of the special rate established under the monthly program.
9. **Gear** - The use of a one-piece swimsuit without pockets and accessories such as goggles, boards, floats, snorkels, pull buoy, paddles and optional resistances is recommended. On the other hand, the use of reusable water diapers for children from 6 months to 3 years and a swim cap for people with long hair is required.
10. **Pool Rules** - All clients must follow the rules posted on the wall and instructions from the Instructor, Trainer, and/or Scuba Dogs staff, including asking the Instructor for permission to enter the pool. Failure to comply may result in Scuba Dogs reserving the right to remove the student from the pool for their own safety and the other participants.

You must confirm the date and time to coordinate your evaluation with a certified Instructor.
14. **Parents & Children** - The introductory Starfish & Starbabies swim levels require a parent or guardian in the water with the student all the time or the contracting of private lessons. Sessions excused in less than the required time will be lost with the sole exception of emergency situations, in which case we request that the student bring a medical and/or formal excuse for the incident. A maximum of two (2) excused sessions per month is allowed for students taking two (2) lessons per week and one (1) excused session per month to students taking one (1) lesson per week. Students must make up all suspended and/or duly excused sessions during the same month of the contracted service.
